## Vault Solutions Restore

part of the Archive Accelerator Software Suite

This Archive Accelerator module allows the administrator to easily and quickly restore all items to one or multiple mailboxes.

### Features

This Add-in has the following features:

- \* Restores items from short-cuts.
- \* Runs as a service, restoring multiple mailboxes simultaneously in the background.
- \* Optionally deletes originals from Enterprise Vault.
- \* Only restores items the user has left shortcuts for.
- \* Restores items to the current location of the short-cut, rather than the location the item was original archived from.
